

CLAIMS

1. A clip including a body, an opening within the body and in which, in use, a part of a plant can engage, a first slot extending between said opening and an edge of the body and means to enable the body to be coupled to a means for providing support to the plant on part of the plant.
2. A clip as claimed in claim 1 wherein the coupling means is a second opening within the body and a second slot extending between the second opening and an edge of the body.
3. A clip as claimed in claim 2 wherein the second slot extends from an edge of the body, which is opposite to that from the slot extends.
4. A clip as claimed in any of one of claims 1 to 3 wherein the first slot is of doglegged form.
5. A clip as claimed in claim 2 or 3 wherein the second slot is of doglegged form.

6. A clip as claimed in any one of the preceding claims wherein the first slot has a widened mouth at the edge of the body.
- 5 7. A clip as claimed in any one of claims 2, 3 and 5 wherein the second slot has a widened mouth at the end of the body.
8. A clip as claimed in any one of the preceding claims
10 wherein the body is of a moulded plastic construction.
9. A clip as claimed in any one of the preceding claims wherein the peripheral edge of the body and the edges of the first slot and the opening includes a wall which
15 projects from opposite flat sides of the body.
10. A clip as claim in any one of claims 2, 3, 5 and 8 wherein the peripheral edge of the body and the edges of the first and second slots and the opening and
20 second opening include a wall which projects from opposite flat sides of the body.
11. A clip as claimed in claim 9 or 10 wherein the wall has rounded edges.

A clip as claimed in any one of the preceding claims wherein the clip is symmetrical about central longitudinal and lateral axes.

5

13. A clip as claimed in claim 2, 3, 5, 9 and 10 wherein each opening is circular in shape.

10

14. A clip as claimed in claim 13 wherein the diameter of one opening is greater than the diameter of one opening is greater than the diameter of the other opening.

15

15. A clip as substantially herein described with reference to and is illustrated in Figures 1-3, or Figures 4 and 5, or Figure 6 of the accompanying drawings.
